

## Small Bus Module (SBM)

### Dash Switch Mounted / Integrated Control Panel

- 3 LED's showing **normal**, **fault** or **fire** status (or **trace** and **significant** gas—in gas detection configuration)
- 1 low voltage output signal for OEM use (engine shutdown, HVAC shutdown, bell, or light)
- Configurable for fire detection/suppression or gas detection only, same controller. Not use configurable.
- Uses existing detection methods
- Works from 9V-32V
- Integrates buzzer for alarm
- 2-action manual discharge button
